

Some success stories

S. Ducasse

<http://www.pharo.org>

Pharo

- ✦ <http://www.pharo.org>
- ✦ **Pure** object language
- ✦ Great **community** of active doers
- ✦ **Powerful**
- ✦ **Elegant** and **fun** to program
- ✦ **Living** system under your fingers

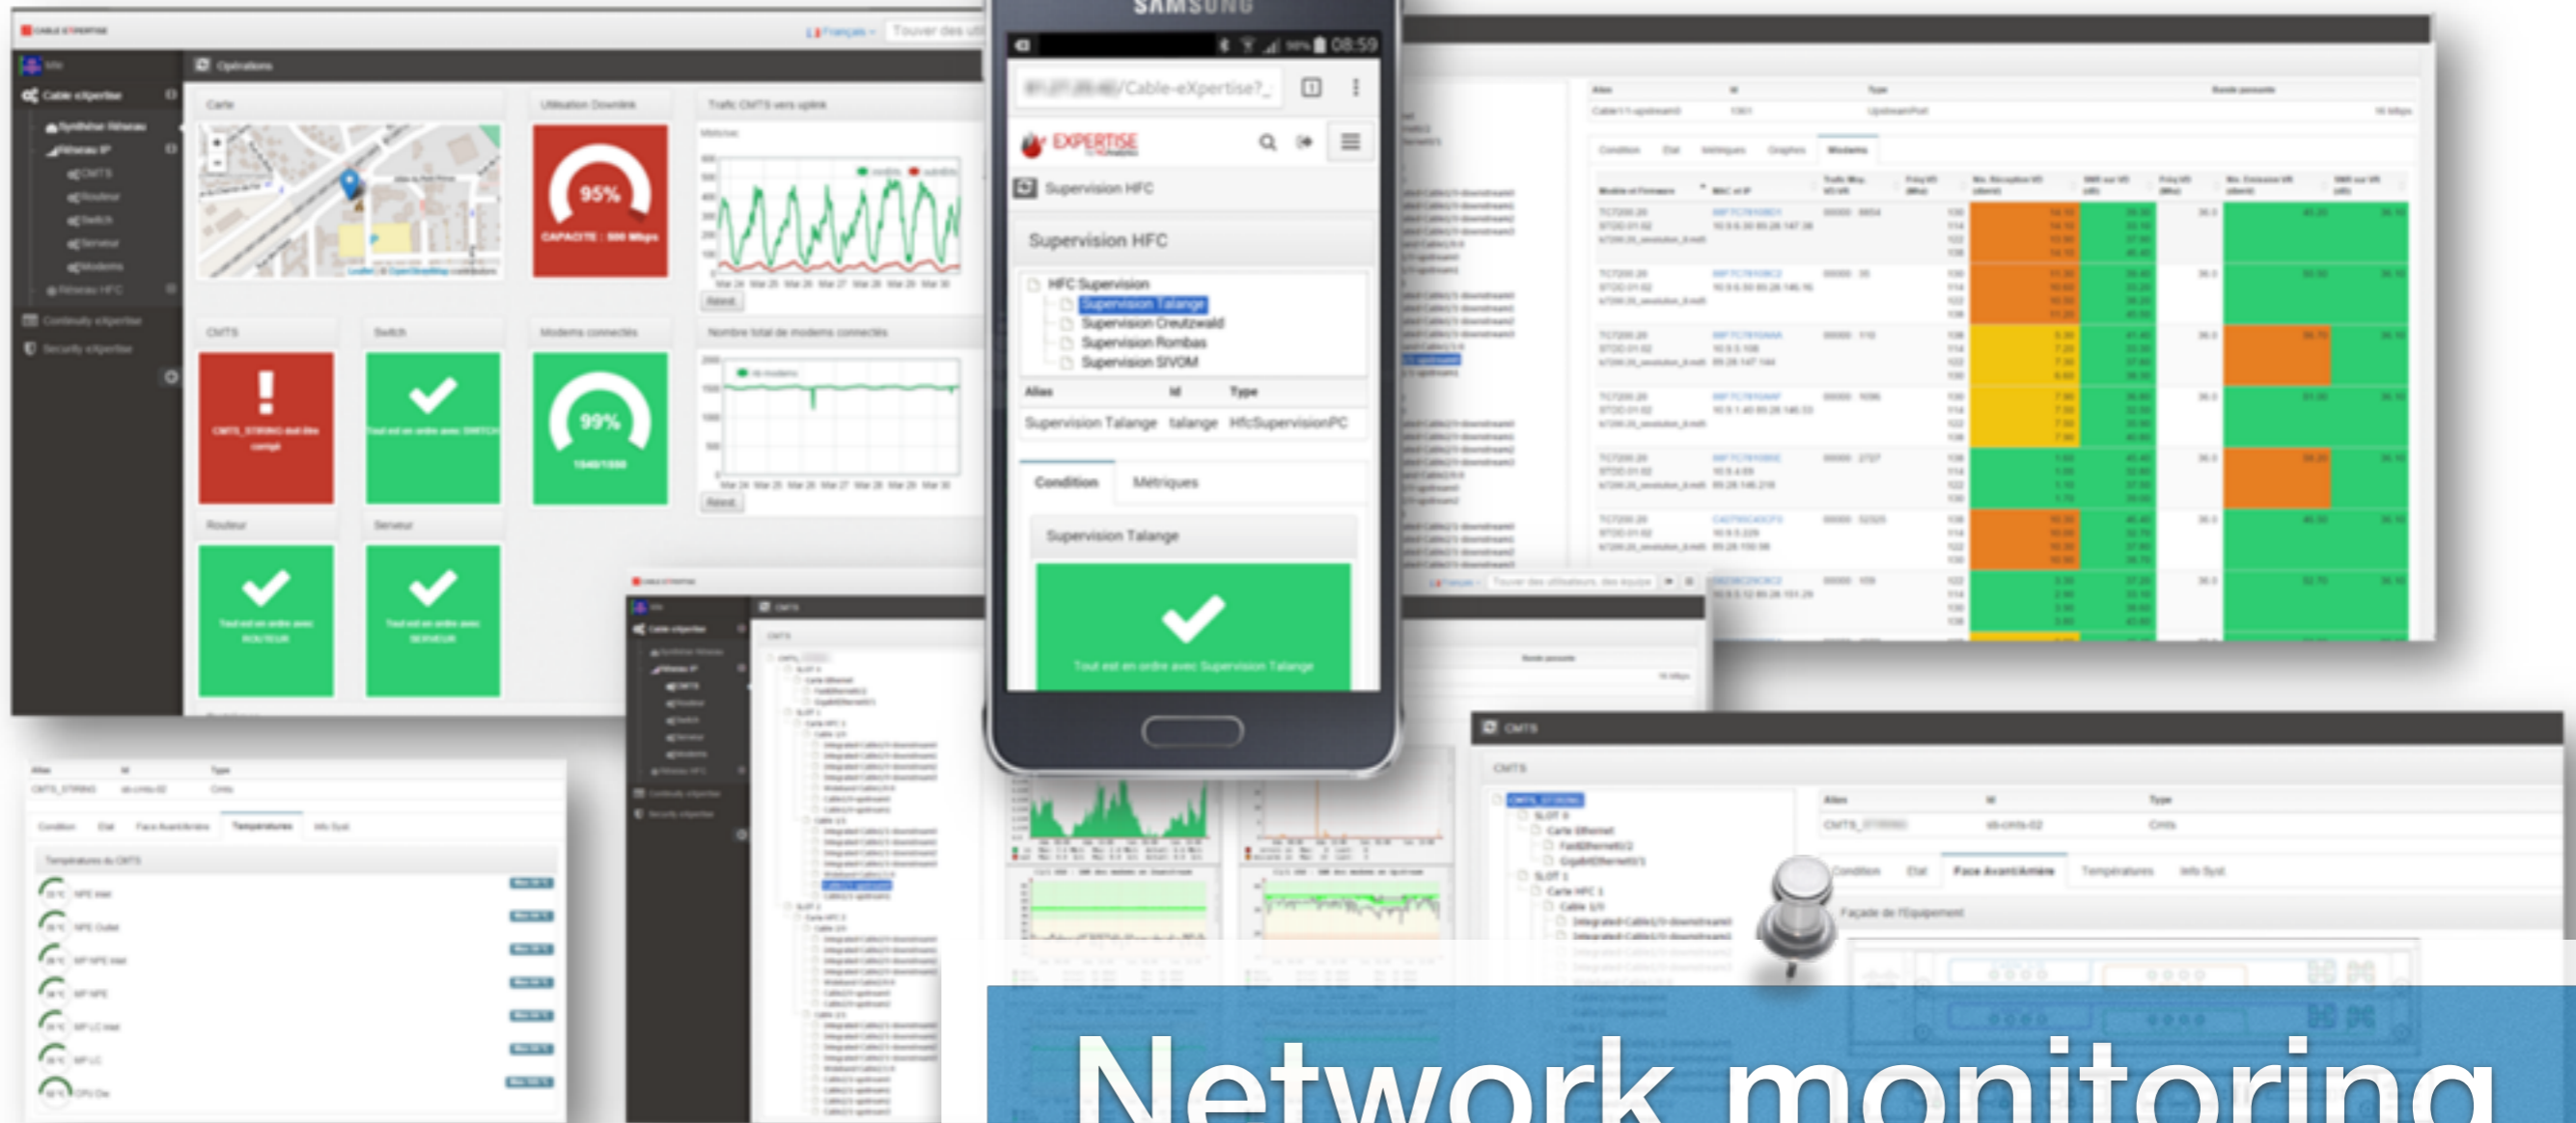

**A powerful engine
to invent (y)our future**

Inspired by Smalltalk

- ✦ Simple syntax
- ✦ Simple object model
- ✦ Fully reflective
- ✦ Rethinking everything

WEBDRUCK.CH Web-To-Print Solution

- Design and create individual printed matter
- eShop with credit card payment
- High quality PDF output with Printing Process integration
- Thousands of orders for seven Swiss printing companies

The screenshot shows the WEBDRUCK.CH website interface. At the top, the logo 'WEBDRUCK.CH' is followed by the tagline 'ONLINE DRUCKEN UND GESTALTEN'. Below this is a navigation menu with links for 'Produkte', 'Über uns', 'Kontakt', and 'Hilfe'. A main banner features a grid of product categories: 'Hochzeitskarten', 'Hochzeitskarten gefalzt', 'Geburtsanzeigen', 'Geburtsanzeigen gefalzt', 'Postkarten', and 'Karten'. A secondary row includes 'Geschenke', 'Geschäftsdrucksachen', 'Werbung', 'Trauer', 'Flyer', and 'Broschüren'. The central focus is a featured product, 'Geburtsanzeigen gefalzt', with a price of 'ab CHF 138.-'. It includes a 5-step process: 1. Drucksache wählen, 2. Art der Ausführung bestimmen, 3. Online gestalten oder Datei-Upload, 4. Gut zum Druck, 5. Kasse. The website also highlights 'Schneller bestellen und Geld sparen?' and '100 % Schweizer Qualität'. The footer contains a list of products, a newsletter subscription link, and social media links for Facebook and Twitter.

Erathosthenes

The world's first online platform fully supporting risk-based test management.

- Your IT is critical to your company.
- Would you dare not to control your risks and neglect the possible impact for your company and customers?
- Start controlling your risks in a standardized and easy way !!!

▶ **FREE TRIAL**

1 BETTER

NORIZZK.COM guides you in composing the most effective and efficient end-to-end test strategy, starting from identified product risks. It helps you focus on the critical aspects of your projects and products.

NORIZZK.COM is the only platform for risk based test management showing you a comprehensive and visual overview on the risk status of your project.

▶ YOUR ADDED VALUE

2 FASTER

NORIZZK.COM is the fastest way to compose your master and detailed test plan. It comes with a predefined knowledge base containing best practices for building your test plan, thus giving you a head start.

NORIZZK.COM allows sharing and reusing knowledge and experiences from previous projects. Over time, **NORIZZK.COM** becomes smarter in guiding you since it is self-learning and continuously improves its best practices.

▶ YOUR ADDED VALUE

3 CHEAPER

As from now, wasting time and money by re-inventing the wheel is history. **NORIZZK.COM** gives you significant savings in creating your test plans.

It provides an intelligent and complete approach for all test managers. **NORIZZK.COM** contains sustainable testing intelligence that can easily be maintained.

▶ YOUR ADDED VALUE

COMPONENTS

Risk Assesment

Identify, categorize, prioritize and mitigate your risks with one single tool.

Test strategy

Write your master and detailed test plan in a faster way.

Test Estimations

Estimate all the required testing effort on one single page.

Test Results

Capture all the test results to monitor the progress.

Some Smaltalk success Stories:
Squeak (ancestor of Pharo)

Etoys on 2.5 millions OLPC

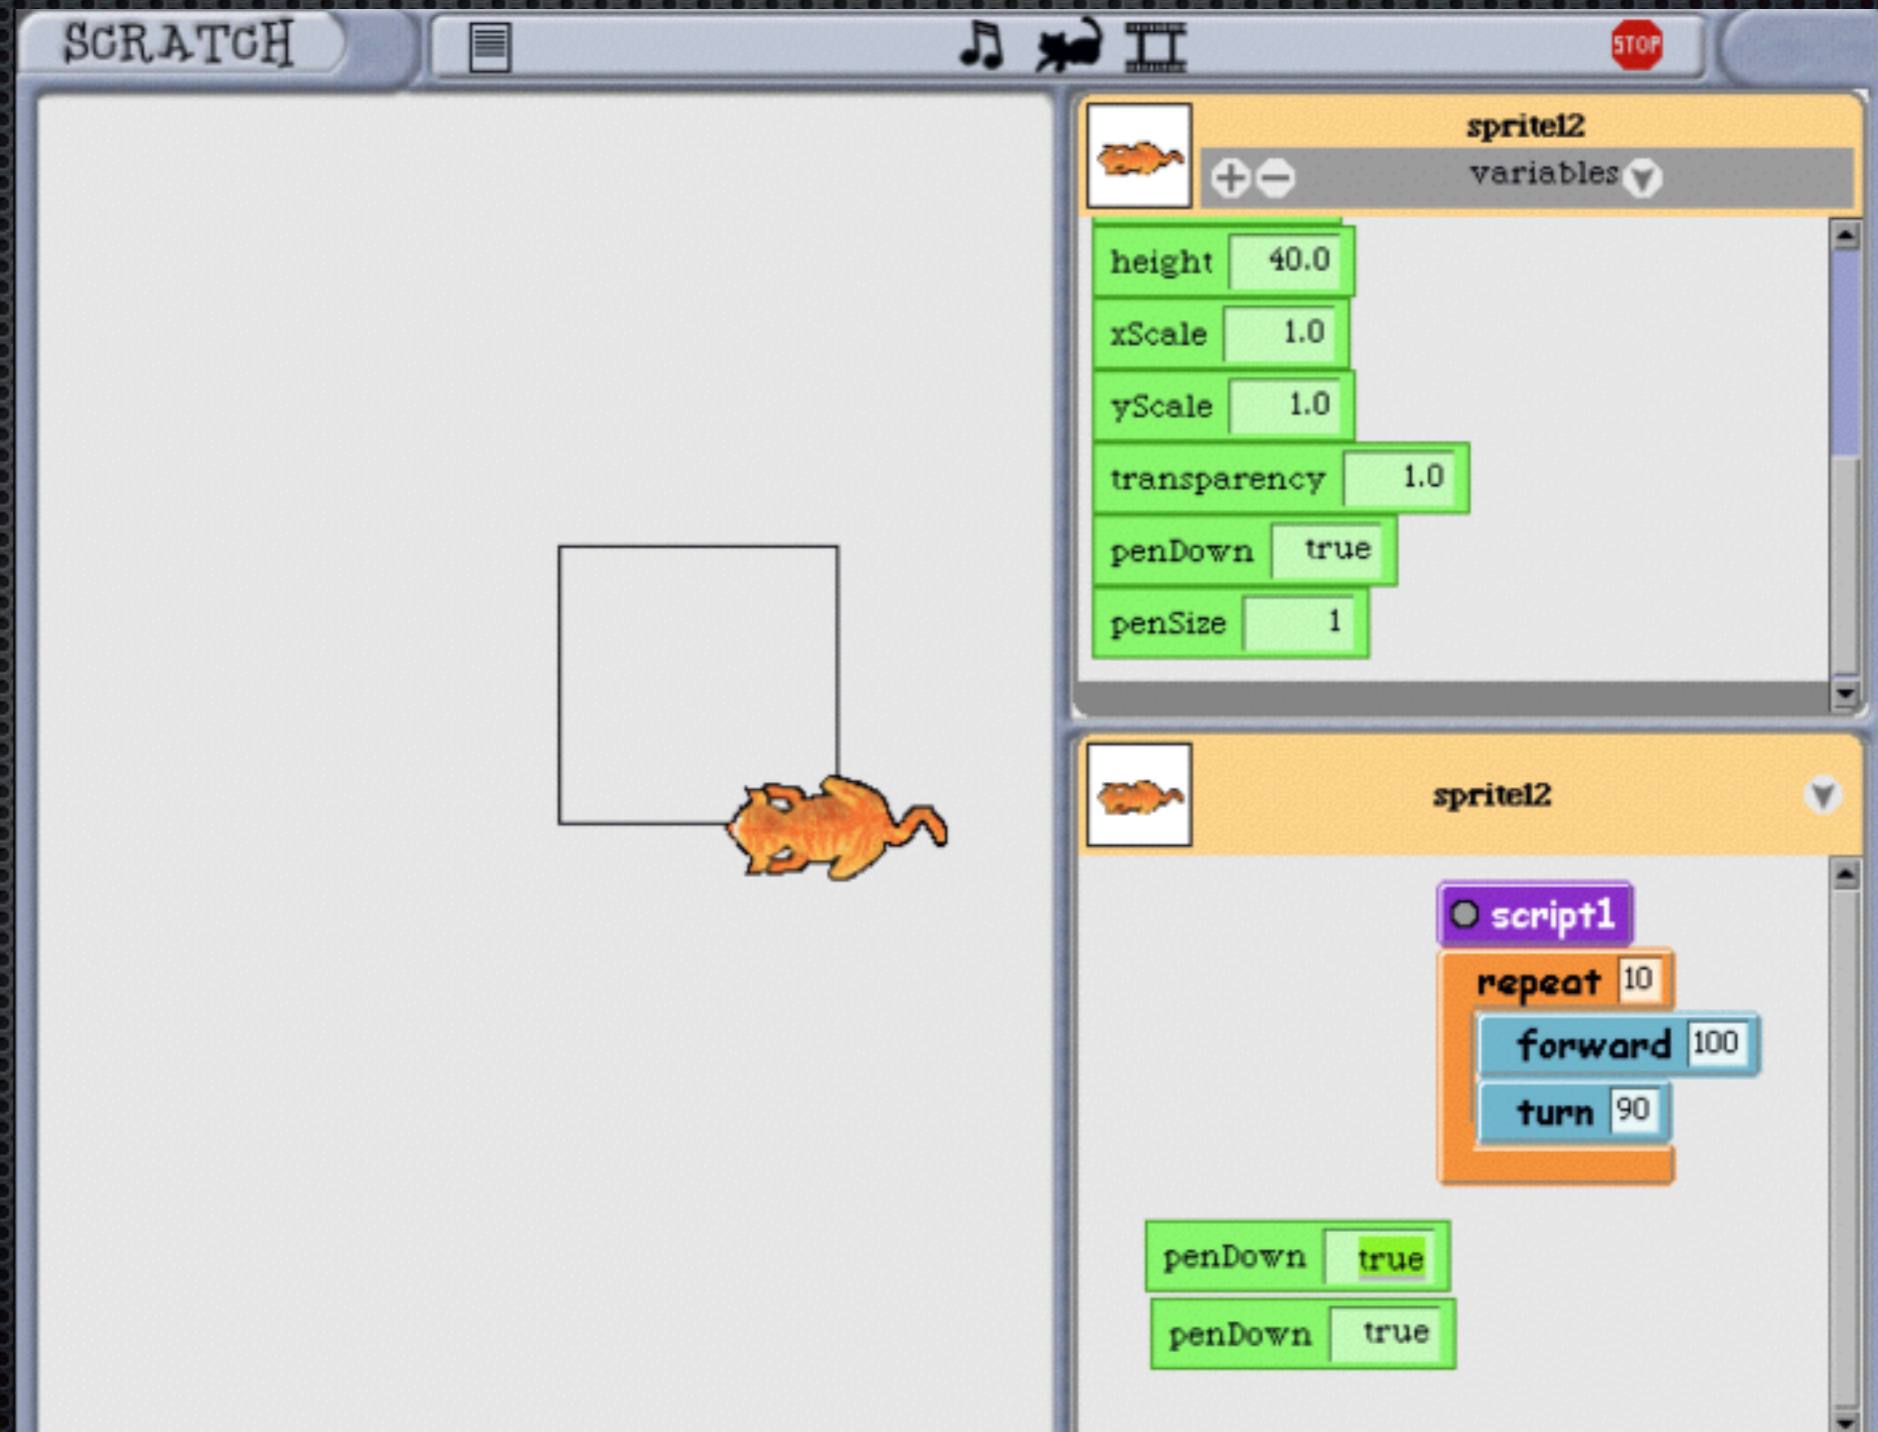

The screenshot displays the Etoys software interface. On the left, a drawing area shows a simple drawing of a green frog with blue outlines. The right side of the interface features a programming environment with a green header bar containing icons for help, file operations, and navigation. Below the header, there is a search bar and a list of objects. The 'Sketch' object is selected, and its properties are displayed in a table-like structure. The 'basic' category includes actions like 'make sound', 'forward by', and 'turn by'. The 'tests' category includes conditional blocks like 'color sees', 'is over color', 'is under mouse', and 'obtrudes'.

Category	Property	Value
basic	Sketch make sound	croak
	Sketch forward by	5
	Sketch turn by	5
Sketch's	x	235
	y	348
	heading	0
tests	Test	Yes No
	Sketch's color sees	color
	Sketch's is over color	color
	Sketch's is under mouse	false
	Sketch's obtrudes	false
