Pharo The Living Language and Environment

Pharo's goal is to deliver a clean, innovative, free open-source living object-oriented language and environment. By providing a stable and small core system, excellent developer tools, and maintained releases, Pharo is an attractive platform to build and deploy mission critical applications. Pharo focuses on developing a flexible and advanced infrastructure that can be used by SMEs (Small and Medium Enterprises) as well as researchers.

Pharo as an ecosystem

The goal of Pharo is to foster a healthy ecosystem of both private and commercial contributors who advance and maintain the core system and its external packages. In addition, Pharo wants to support a community of researchers in the domain of reengineering, language design, robotics and web development.

Pharo' forge

Pharo is not only a core set of packages but more than 500 projects developed by external contributors and we should build an infrastructure

to control the quality of the production.

<http://www.smalltalkhub.com>

It contains around 900 projects, 700 users and 90000 packages.

Pharo for teaching

Universities use Pharo to teach:

- Uni. of Buenos Aires
- Uni. of Bern
- Uni. of Brussels
- Uni. de Bretagne Occidentale
- Ecole des Mines de Douai
- Uni. de Savoie
- Ivan Franko Nat. Uni. of Lviv
- Czech Technical Uni.
- CULS Prague
- Uni. de Maroua, Cameroon
- Northern Michigan Uni.
- Uni. Catholic of Argentina
- Uni. of Chile at Santiago
- Uni. Polinica de Catalunya
- Uni. of Saarland
- Uni. of Quilmes
- Uni. of La Plata
- Uni. Technologica Nacional
- Uni. Nacional de San Martin
- Uni. TomsK
- Uni. Louvain la neuve
- Uni. Yaounde
- Uni. Montpellier

Pharo as a platform for research

Some research groups use Pharo:

- LAFHIS, AR
- SCG, CH
- CEA-List, FR

- CAR-EMD, FR
- RMOD-Inria, FR
- UMMISCO-IRD, FR
- Reveal, CH
- LYSIC, FR
- IGEVET, AR
- Pleiad, CL
- CCMI-FIT, CZ
- ASERG, BR
- EduTech, GER

Pharo as a platform for business
